

## WORKPLACE HEALTH AND SAFETY POLICY

This Policy is a statement of **DNA ELECTRICAL PTY LTD** commitment to provide safe and healthy workplaces for our employees, and others who may be affected by our work, with the objective of preventing work related injuries and illnesses. Managers and supervisors have the responsibility for implementing this Policy as an integral part of their accountabilities.

**DNA ELECTRICAL PTY LTD** is also committed to protecting our employees by complying with OHSAS 18001 and WHS legislation, demonstrating due diligence and the application of industry-based WHS procedures. For all people who may be affected by our work, safety will always take precedence over job expediency.

Our key objectives with this Policy are:

- Implementing proactive health and safety management strategies,
- Integrating WHS management into our projects at the planning stage,
- Controlling the risks from hazards by the Occupational Risk Management process of Hazard Identification, Risk Assessment and Risk Control,
- Monitoring and reviewing risk controls to ensure they remain effective,
- Involving our employees in the decision-making processes through structured communication, consultation and training,
- Providing ongoing education and learning for our employees to enable them to work in the safest way possible,
- Requiring employees to comply with their legislated and Company WHS responsibilities,
- Implementing continuous improvement strategies, and
- Prevention of workplace injuries and providing effective injury management and rehabilitation strategies

The objectives of this Policy will be achieved by committed and demonstrated leadership from all managers and supervisors and the involvement of all employees. Appropriate support and resources will be provided by DNA Electrical Pty Ltd to facilitate this process.
